Introduction/Purpose of Solicitation

The purpose of this Request for Proposal (RFP) is to enter into a contract with a provider of Student Information Systems services (collectively referred to herein as “Service Provider”) that will provide Options for Youth- San Bernardino, Inc. (hereinafter referred to as “OFY-SB”) with assistance in the operation of its California public charter school located in San Bernardino, California. The Service Provider will provide services to OFY-SB as described in the Scope of Work.

OFY-SB is a year-round public charter school that serves 7th grade to 12th grade students. We employ approximately 95 staff members, each with his or her own laptop or desktop computer. We also have approximately 550 chromebooks for student use. OFY-SB proudly serves more than 1000 students and their families at its three learning center locations.

At OFY-SB, our mission is to create an educational choice for all students. Our staff connects with students to empower and inspire them to achieve their goals and make their dreams a reality. Our students enroll with us to meet various unique needs. Some students enroll to accelerate their progress toward their high school diploma so that they are able to graduate sooner than they might in traditional school. Others are falling behind in a traditional setting and are seeking academic recovery. Additionally, some students attend OFY-SB to eliminate some of the stressors associated with larger class sizes, increased student population and intimidating social demands of traditional high school setting. Our school offers a blended learning program where student may take independent study courses, small group instruction classes, and computer-based classes. Independent study provides students with the ability to work at their own pace and develop a heightened sense of accountability. Our small group instruction courses offer a classroom setting with fewer students than a traditional school. Our computer-based courses allow us to offer more choices for students, in order to maximize support for access to rigorous Common Core content. In our blended model of independent study, small group instruction, and computer-based classes, students are encouraged to take ownership of their education while still receiving the one-on-one support they need to successfully progress toward earning a high school diploma.

Through this RFP, OFY-SB seeks to promote maximum open and free competition consistent with applicable federal and state laws and standards. Outlined below are examples of basic competitive bidding standards OFY-SB will use in the issuance of this RFP:

- OFY-SB is soliciting competitive proposals in order to secure public objectives in the most effective manner and avoid the possibilities of fraud, collusion, etc.
- OFY-SB released this RFP to benefit OFY-SB and not the Proposers.
- Fulfillment of RFP specifications is based on full and fair competition and acceptance by OFY-SB of the Proposer who meets OFY-SB's requirements, as determined by OFY-SB when evaluating proposals based on the criteria contained in the RFP.
- The RFP provides a basis for full and fair competition among Proposers to a common standard, free of restrictions that tend to stifle competition.

The above four points are for illustrative purposes only.

To respond to this RFP, interested Service Providers must present evidence of experience, ability, and financial standing necessary to meet the requirements stated in this RFP. OFY-SB will measure this evidence by scoring the proposals, using a point system that will rank each proposal from highest to lowest, to determine which proposals they will consider for the award of a contract.

To be competitive in this solicitation, the Proposer must:

- Carefully read the entire RFP, attachments, exhibit, and OFY-SB responses to questions before submitting a proposal.
- Ask appropriate questions or request clarification before the deadline in the RFP.
- Submit all required responses by the required deadlines.
- Follow all instructions and requirements of the RFP thoroughly and appropriately.

If a Proposer discovers any ambiguity, conflict, discrepancy, omission, or other errors in this RFP, the Proposer shall immediately notify OFY-SB of the error in writing and request clarification or a modification of the RFP. If the Proposer fails to notify OFY-SB of the error prior to the date for submission of proposals, and is awarded the contract, the Proposer shall not be entitled to additional compensation or time by reason of the error or its later correction.
