

U.S. and International Trips RFP Q and A 5/6/2019

1. Do you have preferred dates or seasons you would like the trips to take place?

As we are a year round-school, we welcome trips throughout the year and do not have a preferred date. If there are specific date restrictions/ranges that your company usually books these trips, please include those as well in your proposal.

2. It is my understanding that the digital copy of the RFP is due on May 7th, 2019 by 5pm and that the hard copy needs to be postmarked by May 7th, 2019, is that correct? If so, is there a specific delivery date needed for the hard copy or is standard mail acceptable?

The deadline has been extended. Please view the addendum containing an amended timeline of events. Digital copies must be submitted on or before Friday, May 10th, 2019 and hard copies must be postmarked by that date as well.

3. If the hard copy contains a wet signature, can the digital copy contain an electronic signature or should it be a scanned copy of the hard copy?

The digital and paper copies should be exact replicas of each other so please scan with the wet signature.
